Capital Area Human Services

If you or someone you know has a problem with opioids (heroin or prescription pain medications), there is help available. Capital Area Human Services provides screening, assessment, and referral to detox and medication-assisted treatment for individuals with opioid dependence. Capital Area Human Services also provides a Vivitrol maintenance program, which includes medication and therapy as effective tools for preventing relapse in individuals who have stopped abusing opioids. Call (225) 925-1906 for more information.

Addiction Recovery Services provides comprehensive treatment and recovery support for individuals and their families affected by substance abuse/dependency, co-occurring disorders, or a gambling addiction. We help clients learn how to better manage their lives by facilitating recovery from addictions. With our assistance, clients reconcile family relationships, establish independence, and deal with problems associated with their addiction.

Oxford House

Oxford House is a self-run, self-supported recovery house program for individuals recovering from alcoholism and drug addiction. Oxford Houses assure an alcohol and drug-free living environment. Oxford House describes a democratically run, self-supporting and drug free home environment. The number of residents in a House may range from six to eleven; there are houses for men, houses for women, and houses which accept women with children. This community based approach represents a remarkably effective and low cost method of preventing relapse.

Truth 180

Turning around the lives of individuals struggling with substance abuse and co-occurring disorders, through intensive therapy via a holistic approach by empowering individuals to adopt truth, integrity, and change as personal values is the mission of Truth 180°. Truth 180° is staffed by social workers, counselors, family therapists, substance abuse counselors, and recreational therapists. The treatment team is dedicated to helping individuals and their families navigate through all aspects of therapy.

- **Eligibility** Adults and adolescents coping with substance abuse and co-occurring mental health disorders
