## Enhanced Destiny Services Northshore

Enhanced Destiny Services is a locally owned Mental Health Rehabilitation Agency of dedicated professionals committed to providing quality care to children, adolescents and adults with behavioral, mental and/or substance disorders. We offer an intensive outpatient program providing individual therapy and support services in the school, home and the community. Enhanced Destiny Services provides for a continuity of services between hospitals, mental health clinics, and other rehabilitation facilities. We serve as advocates while navigating a system of care to ensure that services are client based and family centered.

- **Eligibility** Serving children and adolescents ages 5 - 19 years old. EDS serves clients in St. Tammany Parish, Washington Parish, and Tangipahoa Parish. You may call to schedule an initial intake assessment, or to ask more questions about our services. To receive care, all potential members

must be at least five years of age and Medicaid eligible. For those who are not Medicaid eligible, we offer cash-paying clients the opportunity to receive counseling services at reduced rates and based on income. At this time we do not take insurance, although we can provide receipts for insurance reimbursement.

- **Fees** Fees for psycho-educational evaluations typically range from approximately \$900 to \$1,800, depending upon the scope of the evaluation and the applicability of health insurance benefits (see below). Insurance policies seldom offer coverage for testing considered educational in nature (out-of-pocket expenses for these services often range from \$700 to \$1,000). Some psychologists offer discounted rates for individuals paying cash for services given the reduced administrative costs (e.g., insurance authorization, etc.) incurred in these cases.

## New Heights Therapeutic Riding Center

New Heights is a premier therapeutic equestrian center dedicated to positively impacting lives through the healing power of the horse. We help people who have physical, cognitive, and emotional difficulties reach their full potential. New Heights has grown to be able to serve a wide variety of groups and individuals in our community. The benefits of Therapeutic Riding vary between riders. Generally, most riders see improvement in gross motor functions including muscle strength/tone, coordination, balance, range of motion, and postural strength. We see improvements in sensorimotor integration, cognition, speech, and breath control. We also see improvements in behavior, attention, anger control, and mood.

- **Eligibility** Children, adults and veterans with physical, emotional, and learning disabilities
